

## GOTREND SOUTH AFRICA

Get into gear with GoTrendSA! Now is the time to interact with South Africa's growing digital population and here at GoTrendSA HQ we're focused on just that!

GoTrend South Africa focuses on all the hottest events, celebrity interviews and not to mention all the lifestyle and leisure news in South Africa and beyond. Our goal is to ensure that the latest products and trends are available to you, all on one happening website and through the ease of our social media pages.

With regular competitions and giveaways, we strive to interact with our audience on a daily through social media, digital articles and more, ensuring that we maximize our viewing potential.

We ensure that promoting your brand is our first priority, through the abovementioned media channels, building a reputation together is the key to success!

Starting out with a small team and growing to 8 empowered Bloggers, J-Bloggers and Journalists has been an indication on how busy we've become in three short years.

We're not just the typical team. We've got the greatest combination of people from all around South Africa. Focusing on Tech, Fashion, Beauty and Celebs - these are only some of our niches and that's just the icing on the cake!

Our readers reflect this too, our biggest target market is the 18 – 30 aged readers and then those aged 45-60! GoTrendSA is for you, even if you don't know it yet!

*Klout rates GoTrendSA an amazing 63 – That means we're in the top 10 percent of social media accounts worldwide!*

***In house editing, for speed and precision!***

*The GoTrendSA team are trained in Adobe Photoshop and product photography.*

*It's all about the looks and making sure that the design fits our readers modern perspective!*

***“68% of smartphone owners use their phone at least occasionally to follow along with breaking news events, with 33% saying that they do this “frequently.”***

Digital is now! Using an online platform such as GoTrendSA brings forward so many benefits as opposed to using older print methods:

- **Higher Engagement:** *“Give a man a print magazine, and he’ll read it once; give a man an App, and he’ll read it everyday.”*
- **Local Connections:** With our connections to local readers. Advertising your products locally makes it that much easier to show South Africans what’s new!
- **Instantaneous:** Magazines published weekly or monthly just don’t compare to daily content being pushed to our readers.
